

Shoebox Bullhorn

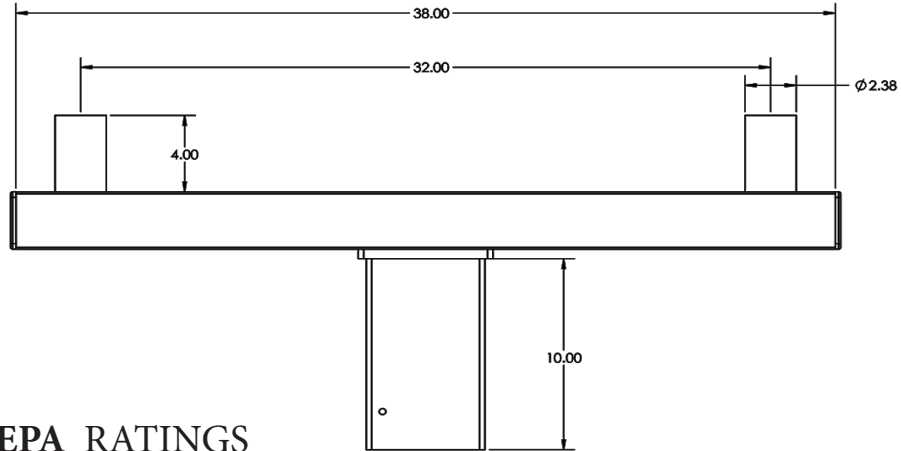

Features:

Only Square Sleeve Depicted

- Bull Horns are designed to sleeve over the top of a square or round pole ranging in sizes from 3" to 6".
- Custom 10" deep sleeves add rigidity and help hide holes left from removing existing hardware.
- Bull Horns have 4 x 3/8-16 Allen head stainless steel set screws for securing the Bull Horn base to the pole.
- Bull Horns are constructed from .188 inch (3/16") USA steel tubing.
- Vertical tenons are 2 3/8" in diameter with a height of 4".
- Bull horns are welded using industry standard Best fillet welds that go all around the tenon base to ensure rigid construction.
- Bull Horns are painted in a high quality outdoor powder paint, Custom colors available upon request. (Minimum Order Required)
- Proudly CAD Designed and Manufactured in America by Americans.
- ABS Plastic - Tube End Caps
- 10 Year Warranty
